Chapter 26

The butler said, "Young Mistress, if it was any other matter, I wouldn't argue with you here. However, this warning whistle definitely wouldn't let you in. Don't use the young master to pressure me. "Please don't come over here in the future, or else if young master finds out, you'll get a good fruit."

Zurich, seeing that he had not managed to scare the butler, but instead made a tough decision, gave up and said, "Thank you for the advice, but make sure that the screams don't sound too loud, otherwise my eardrums will be pierced. If not for this sound, who would have come this way?"

After the housekeeper saw that the young mistress had left, he instructed the servants, "No matter how hard the young mistress tries to make things difficult for you in the future, you are not allowed to let her in. Otherwise, you won't be able to keep your job, not even all of your parents will be kept, do you know that?" Those people had never seen such a stance before.

Therefore, he said, "We understand what he said. Please don't worry, in the future, we will definitely not let young mistress in. If he comes, we will also not say much to him." Hearing the servants reply, the butler was very satisfied and followed them out. When he left, he didn't forget to turn around and look at them, giving them a creepy look.

The more Zurich thought about it, the more he felt that this must not be a simple matter. He would definitely take a peek at it when he had the chance. He had only seen it once. He could not see it clearly either. After all,

the woman's face was very pale. "Just what is the relationship between that woman inside the shoes and Xing Beihan?"

While Zurich was distracted, Xiaoyue came to his side and said, "Young Mistress, what's wrong with you, Young Mistress?" Zurich heard a voice calling him and quickly recovered. "Who's calling me again?"

Xiao Yue said, "Young mistress, you've finally replied, I was wondering what was the matter with you. Did something happen just now? Why do you look so absent-minded?" Zurich said, "Wasn't it the woman who shouted last time? I heard her again, but I didn't expect the guards to be even tighter than last time."

Xiao Yue said, "Young mistress, did you not remember the lesson? The butler told us last time that we can't go over there, why didn't you listen? You should be careful not to kill the cat because of your curiosity."

Zurich said, "The more it is like this, the more curious I am. I was really upset that I wasn't allowed to find out what was going on here." Lil 'Ye saw her young mistress acting like this. She said, "Young Mistress, I don't care what kind of things are hidden in that house, I still think you should do it. "Don't bother with him."

"If the young master knew, he would be very unhappy. I think it's best if you don't make the young master angry." Zurich said, "Okay, okay, I know." Even though Zurich said that he knew, he still had a grudge against this matter.

On the other side, after the steward had persuaded the young mistress to leave, he called his young master to report the situation on his side. When

Xing Beihan heard this, he only said that he would return later to settle this matter. This made the steward feel much more at ease. Let's see how long Zurich can be proud.

The main purpose of Little Bing was to take advantage of their absence to run to Young Mistress' room and see what exactly it was hiding, so secretly. But who would have thought that after searching for a long time, he was still unable to find it. However, he was still unwilling to give up. He believed that this young mistress must have some sort of secret.

Just when he was about to continue searching. He heard voices outside, and then he heard Xiao Yue and Young Mistress's conversation. After hearing their conversation. Little Bing felt that she could use her young mistress's curiosity to completely disappoint her young master! He did not work here for a very short time.

The woman living in the east wing had a vague understanding of the relationship between her and the young master. He thought that if he could use this to blame the young mistress, the two of them would definitely get a divorce. Just thinking about it made him happy.

But the situation now was that they were outside the door, so how was he to get out of the house? When the two of them came in and saw that they were here, they had no excuse to block it. Just when Little Ice was in a hurry. There was a sudden silence outside. Xiao Bing thought it was strange, why was there no sound when she was distracted.

Xiao Bing listened carefully in the room again, and indeed there was no sound from the outside. Thus, he hurriedly left the house. When he came out, he was relieved to see that there was no one outside. Luckily, he was

smart, otherwise he would have been found. However, the Young Mistress and Xiaoyue were nowhere to be found.

While Little Ice was in a daze. Xiao Yue said to Zurich, "Young mistress, I think you have nothing to do one day, so you keep thinking about it. I'll think of a way to distract you so that you won't think about it too much."

Zurich said, "What a distraction." Xiao Yue said, "Recently when I was cleaning the yard, I discovered that it was filled with flowers. "I think if you have nothing else to do, you should go and walk around the park. Perhaps, your mood will also become a lot better."

Zurich said, "Is that so? I haven't seen it in a long time. "If that's the case, then why aren't you bringing me to see?" Xiao Yue replied, "Alright, as long as you are willing. Don't keep thinking about this, think about some interesting things, or think about your parents."

Zurich said, "Alright, I understand. You don't need to say anything more. I'll go with you to take a look." With that, the two left, so the two didn't go inside the house. Little Ice came out after the two of them had left, so he didn't hear their conversation.

After Zurich had walked into the courtyard with Xiao Yue, he realized that there was such a beautiful place in the courtyard that he had not noticed it before. Thus, he said, "Xiao Yue, how come I didn't know that there was such a sight in the yard, and it was so beautiful, I really let people see it, and I couldn't help but feel much better!"

Xiao Yue said, "It was pretty good, I also discovered it by accident, but there's actually such a sight in the yard." Young Mistress, you better not do

anything good in the future. Just think about that voice. If you're free in the future, come and walk around the courtyard for more activities. I know you have to exercise every day after dinner, but it's not a sport. "

"I don't know the names of many flowers here, I think they must be very precious, and I don't think there are such wonders every day. Besides, I heard that all the flowers here were personally planted by a young girl, and they were also cultivated by him. So no one would dare to defile the flowers here. "

Zurich said, "Is that so? He was actually in such a leisurely mood. He had to admit that the flowers he raised were really too beautiful. Isn't this area a bit too short? " Xiao Yue said, "Who cares about the number of them, as long as we can see them. It's hard to say, but one day when you come here, you will meet the Young Master. "

Zurich said, "Forget about him. Anyway, he didn't want to see it. I always came in the evening and disappeared in the morning. I was already used to it. In any case, I am only their family's tool of reproduction. As long as I give birth to my child, my mission will be accomplished. Who knows, maybe they will kick me away. "

Xiao Yue said, "Young mistress, why do you think this way? After seeing each other for so long, there might be some sparks appearing between the two of you! Anyway, you are not bad, it's just that your birth is a little low, isn't it the same for us people? Didn't he still have to rely on us to serve him? "

Zurich knew that Xiao Yue was trying to comfort him, so he said, "Xiao Yue, thank you. I know that you are doing this for my own good, but I can't say for sure what will happen in the future. And what you just said, I will take it

to heart. I also know that curiosity killed the cat, so I'll try to control myself in the future. "

Xiao Bing had been searching ever since they came out of the young mistress' room. The two of them had been searching for a long time, but they couldn't see each other. At that moment, he heard someone talking over here, so he followed the voice over. He didn't expect the two of them to be hiding here.

Thus, she said, "Young Mistress is really in a good mood. I've come here to admire the flowers." Zurich saw that it was Xiao Bing who said, "Xiao Bing, it's you. I haven't seen you all morning. Are you busy with your work? " Little Bing said, "How can that be? I'm actually not busy at all. I was just looking for you guys. Maybe we missed out on it."

Zurich said, "Is that so? I thought we missed each other, but luckily, didn't you find us now? Oh right, do you have any business with us? " Xiao Bing said, "I, in fact, I'm fine too. I just want to ask if you guys heard anything strange."

Zurich said, "Sound, what strange sound? Oh right, I seem to remember asking you, but you said you didn't hear it, why did you suddenly remember to ask, what exactly did you hear? You must know something. " Xiao Bing said, "I don't know anything, but I heard something."

Xiao Yue said, "What are you two playing at? What do you use instead? If you want to say it, then say it. If I can't hear it clearly, it can't be that there's some secret between the two of you, right? "

Chapter 27

Little Ice said, "What secret? Little Le, stop guessing randomly. I was just discussing with Young Mistress the question he asked me this morning." If you don't know, then forget it, it's better not to know more than less. " Xiao Yue said, "Alright, it's good that I don't know. If you have anything to say, just say it. I'll be going now."

With that, Xiao Yue left. After Xiao Le left, Zurich said, "Xiao Bing, what do you mean by what you just said? Or do you really know something? " Xiao Bing said, "I didn't tell you the truth this morning because I was really scared. But after thinking about it, I still can't lie to you."

"That's why I came to clarify it." Zurich said, "Little Bing, thank you for thinking for me and answering my questions, but since you know about it, just keep pretending you don't know about it! Xiao Le just told me that curiosity killed the cat. Don't be too curious, otherwise, you won't even know how you died! "

Little Bing had thought that the Young Mistress would investigate thoroughly after hearing what she said, but she didn't know that it was all there was to it. She immediately regretted not having told him the truth in the morning. However, it was useless now, so he could only concede defeat. He had really failed.

Little Bing heard it. The Young Mistress said, "Okay, Young Mistress, I understand your teachings. And after that, I'll try to lie to you and not to you. I just wanted to apologize to you, but I didn't mean anything else. " Zurich said, "Well, I see what you mean. I believe you."

At this time, the butler found the young mistress and told her, "Young Mistress, Young Master would like to invite you to prepare. Young Master is

only here to chat with you, he won't stay the night! Let me tell you in advance, I hope you are mentally prepared, Young Master's way of doing things does not follow common sense, I hope you do not mind! "

Zurich heard the butler say that Xing Beihan would be coming soon, so he said, "Don't worry, butler. I'll remember your teachings. I promise I won't cause any trouble!" After hearing what Young Mistress had said, the housekeeper naturally felt more at ease and turned around to leave. After the butler left, Little Bing also took her leave.

When Zurich saw that everyone had left and then looked at the flowers, he suddenly felt that he had been too smart. He didn't want to think too badly about one thing, and no matter who lived in that room, he believed that one day Xing Beihan would tell his close friend what happened.

Just like that, Zurich spent the afternoon here, watching the flowers. What was he thinking? He could even read it just by looking at it. He would have to wait all afternoon until nightfall before he could go back to prepare it. After all, the butler had already told him that if he didn't do as he said, he would be scolded again.

After entering the room, Zurich found Xing Beihan waiting for him at the side of the room. Zurich said, "Why are you so early today? I just came back from a walk. I hope you don't mind. Wait here for a moment. " Xing Beihan didn't think this woman would say such a thing to him.

Thus, he said, "Other than saying this, can't you say something else?" Xing Beihan had already checked the camera long before they entered. Knowing what he did that day and knowing what Little Ice was rummaging around in his house, but this stupid woman didn't know.

"I've only come here to explain a few things to you," Xing Beihan said. "Not for the night, because today is not your ovulation period." Zurich said, "Well, I know about that. The butler has informed me. It's just that I've just come back from outside and am covered in dust. It's not appropriate for me to talk to you like this. "

"What's wrong with that?" Xing Beihan asked. "I just want to say a few words, and then I'll leave." "I hear you're interested in the people in the east room? What I want to know is, how do you know there's someone living there?"

Zurich hadn't thought that Xing Beihan had come here specifically to do this, so he said, "The people inside scream almost every night. It's hard for me not to hear them." And you've already told me about this topic, telling me not to take a step into it. But today, I was just curious and didn't go in. "

"Since you know what I've told you," Xing Beihan said, "why didn't you listen?" The housekeeper probably told you more than once. If you want me to throw you out, you can continue to look over there. I want to see if you can see it or not. "

"Let me see how capable you are." Zurich replied, "I ... I was just curious. If you told me, why would I be curious? Besides, all doctors live there. That's why I'm even more curious."

Xing Beihan originally had a favorable impression of this woman, but who would've thought she wouldn't know what was good for her? "I told you already," Xing Beihan replied. No one is allowed to get rid of me, and you've challenged my limits time and time again. How do you think I should punish

you?

Zurich said, "What do you mean? I'm not in charge of getting pregnant. You can't blame yourself. Maybe it's your problem. Besides, it's only been a few months? Who can guarantee that he'll be pregnant within a month? This will all depend on luck. "

"It was just a coincidence," Xing Beihan said. "How could that be?" "From now on, eat on time, exercise on time, and don't be curious. Try your best to give me a child as soon as possible. That way, you'll be free. After giving birth, you won't have any business."

When Zurich heard this, he felt as if his heart had been pricked by needles. He was really just a tool. So he said, "It doesn't seem like Xing Beihan and I agreed on this, so I'm free to go. If I want to, I'll go. If I don't want to, I won't go." You are really too tyrannical. "

Xing Beihan hadn't expected this woman to be so submissive and cowardly, nor did he expect her to become so eloquent. "Oh, it looks like you haven't taken what I've told you to heart," he said.

"I can only tell you about this. There will be a day when you will know about it, but now is not the time. Because of your last intrusion, it caused you to hear these sounds every few days. Zurich said, "How do you know I broke in last time?"

"Since you know, why don't you blame me?" "The doctor saw that there's nothing wrong," Xing Beihan said. "But your luck is good, and you just barely made it. I still need you to give me a child, so I didn't ask you about it last time. I just reminded you a little."

What did Zurich think was the reason? How could he have known that this was the reason? His heart felt like it was being fed with mixed foods. Now that he heard Xing Beihan admit it himself, what other excuse could he possibly have to deceive him? The real him was too stupid. He became serious so easily.

"Alright," Xing Beihan said. "I don't want to talk to you anymore. I'll send more people to keep an eye on them. If you want to go in, you won't even have a door." Get ready for my pregnancy here until the day you know you're pregnant. Maybe one day when I'm in a good mood, I'll tell you who the person inside is. "

"I don't want to hear that you're still going to break into that place. There is a limit to my patience. If I want to give birth to a child, I'll grab a handful. "As long as you understand your responsibilities, you must never dream of doing anything else. Don't think that you are the Young Mistress of this family!"

"I still have things to do, so I'll be leaving first. I'll come back when you ovulate next month. If you really want to get rid of me, then do your best and get pregnant earlier. In that case, you'll have a place in this family as well. Even I don't dare to easily make you angry. You can think about it here. " With that, the man left the room and drove away without even looking back.

Zurich only woke up abruptly when she heard the sound of a car leaving. At this moment, she could not believe it! What Xing Beihan had said must have been important to him. Otherwise, he wouldn't have come to warn him so many times.

Think about what he said just now. If you really want to get rid of him, then you must be pregnant with his child. That way, he will have a very high status in this family, and no one would dare to offend him, including himself. Zurich could not help laughing at himself. Was he really the only way out?

It was so ridiculous that Zurich could not help but laugh. In name, Xing Beihan's own husband was also his only man. It seemed that he had been too stupid and too serious. These rich people were truly different. If they wanted to change a few women, they could change a few. Since she had so many women by her side, why did she have to choose her own girl?

At this moment, Zurich couldn't help but think of Duan Chenjing. The voice that he liked to speak to, to treat him, to look at his face, suddenly appeared in his mind. He didn't know why he would think of this man when he was in despair!

Chapter 28

Zurich was really scared of himself. What was she thinking about in her mind? She was clearly a married woman, but she was still fantasizing about other men. Thus, he stopped thinking about it! He then walked towards his own room. After Zurich left, Little Ice carefully walked out from behind.

Little Ice had received yet another explosive piece of news. He had originally thought that the relationship between the young mistress and the young master was very good. As long as Zurich gave birth, he would have no use for it. If he gave birth to the young master's child, then ...

Zurich returned to his room. He still couldn't understand the suction force. Xing Beihan's words just now had chilled him to the core. After his parents recovered from their illness, regardless of whether he had a child with them

or not, he would not continue to live with them. Everything he did was for his parents.

After finishing his conversation with Zurich, Xing Beihan went to his room instead of returning to the company. In truth, he had been thinking about why he'd said such words. He clearly didn't think that way, but the moment the words left his mouth, they disappeared. Xing Beihan really couldn't see through him any longer.

When he saw Zurich return to his room, he started mumbling to himself. He immediately felt that she was very cute. "Cute!" Xing Beihan was frightened by Qin Lie's words. How could he think of Qin Lie as adorable? Since when did he pay so much attention to this woman?

Having been here for so long, Zurich had gone nowhere except to return to his family and the room where he used to make noises. There was probably no other young mistress who had lived as monotonously as he did. Only now did Zurich feel how boring it was to be here.

After a series of mental struggles, Zurich felt that he could not sit here and wait for death, that he might find a job to divert his attention so that he would not think about that one thing! In addition, it could be used to subsidize the family, and could also be used as one's own pocket money.

Zurich, having thought it through, went downstairs, found the butler, and said to him, "May I go out for a walk? After being here for so long, I've never been anywhere other than going back to my own family, and I've been bored lately. There is nothing to do. "

The steward did not expect his young mistress to say something like this, "I

can't decide on this matter, Young Mistress. I'll go ask the young master. Please wait here for a moment." Zurich had thought he would be able to leave after informing the steward, but who would've thought he would have to report to Xing Beihan instead?

After leaving Zurich, the steward went to look for his young master. The class he chose from a young lady was not an easy one. He had been fooled by his appearance. After the butler found the young master, he told him everything that had just been said.

"You told me about Grandma," Xing Beihan said. "She's going out for a walk." It was only then that Xing Beihan remembered that she had been married to him for such a long time. Putting aside the matter of the wedding, she truly hadn't gone anywhere except to ruin his own home. Thus, he said, "If he wants to go, you can just let him go, but don't waste too much time, come back early."

At the order of his young master, the butler withdrew and returned to Zurich, who was standing alone, thinking of something. The sudden appearance of the butler gave her a fright. Zurich said, "Butler, can I trouble you to make some noise when you show up? People can scare people to death."

The steward said, "Young mistress has told me that you can go out, but not for too long. You can't cause trouble for the young master, nor can you reveal your identity!" Zurich said, "Alright, alright, don't worry. There is a clause in the agreement, so I won't take any chances."

Hearing her words, the housekeeper felt relieved and said, "Young Mistress, go and make some preparations. I will arrange for a carriage to take you

out." Zurich said, "Wait, butler, I have another condition. It's too boring for me to go shopping alone. Can you bring Xiaoyue and Little Bing along?"

What did the steward think it was? Therefore, she said, "Yes, Young Mistress, you can bring these two along. Remember that you signed an agreement with us, you must report it to us when you go out. If you don't report it to us, I think you should know the consequences."

"And Young Mistress, I'll send some people to follow you. "You can't go out and eat whatever you want. The meal I arranged for you is in accordance with your physique. It is unhygienic if you eat the food outside, and it will affect your carrying of children." Zurich had no idea how this butler could have so much trouble.

So he said, "Butler, don't worry. I'm just out to relax." The butler said, "I hope so. You can go and prepare first." Then he left, and Zurich was relieved to see the butler leave. How could he have known that he would have to go for a walk and walk the streets!

It seemed like the lives of these rich people weren't that good either. Then he went back to his room to clean up. At that moment, Xiao Yue and Xiao Bing arrived. Xiao Yue said happily, "Young mistress, are you really bringing us out? We haven't had much fun out here in all the time we've been here. "

"Do you know? When the butler informed me earlier, he gave me a huge fright. I really couldn't believe that this was real. " Zurich replied, "My foolish Xiao Yue is not real. This matter can't be any more real." It's boring for me to go out by myself, so I decided to bring the two of you along. "

Little Ice looked indifferent, as if it had nothing to do with her. Zurich said,

"Although the steward has asked you to come out with me, he told me to come back early and not go out for long enough to let me eat outside. That butler is really taking care of too many things. "

Xiao Yue said, "Young mistress, what's the big deal? Wasn't it because they wanted you to become pregnant earlier? But it was a good thing to be able to go out and have fun. At the very least, they could see the outside world. "My family used to be very poor. I never had any extravagant requests to go shopping."

Zurich said, "Isn't it the same for me? They all want me to get pregnant earlier, but what if it's a girl, and if it's a girl, will they treat it the same way? What they want is the inheritor of their family, can a girl inherit it? They don't even know if they can have sons or daughters. "

Xiao Yue said, "What's this all about? If it's a girl, then carry on giving birth until she gives birth to her son. Anyway, there's plenty of money here, even if it's raising eight children, so what's there to worry about? " Zurich said, "Xiao Yue, what you're saying is really easy. Ten or eight of you are treating me like a sow."

Xiao Yue said, "Are you just saying this casually? "But you can't possibly have a few children in a row, can you? Your luck can't be that bad. Besides, technology is so advanced now that you can check it out when you are 3 or 4 months pregnant, what's there to worry about?"

"Zurich felt even more uncomfortable hearing Xiao Yue's words. Boys and girls were his own flesh and blood, so how could he have the heart to knock them out?" Xiao Yue realized that she had said the wrong thing, so she quickly said, "Young Mistress, don't think too much, you aren't pregnant yet,

this is just a joke, don't take it seriously."

Zurich said, "How could I? Anyway, I'm not pregnant yet. "I should take advantage of the time before I get pregnant to relax. If I am really pregnant, I'm afraid they won't even let me out the door." Xiao Yue said, "Young mistress, you are talking about playing as hard as you can before you become pregnant."

Xing Beihan hadn't thought that they would be talking about children together. He had originally thought that Su Li would rush out of the room once he was done packing. Who knew that they would still have the mood to chat idly? When he talked about children, however, a strange feeling came over Xing Beihan.

Just as the two of them were talking happily, Xiao Bing said, "Alright, Young Mistress, you two don't need to bring this up anymore. Let's go earlier, we should go earlier and come back earlier. If it gets dark, that won't be good." Zurich came to himself.

He said, "Alright, let's set off now." When the butler saw them come down, he said, "Xiao Yue, Xiao Bing, it is the young mistress who has requested to bring you two out. I will allow it, but your duty is to protect the young mistress well."

"Don't just focus on playing and forget about the Young Mistress. And you must look at the time, and come back before dark. " Xiao Yue and Xiao Bing agreed immediately. Seeing the two of them nod in satisfaction, the butler said, "Young Mistress, I wish you a pleasant journey. Remember to come back early."

Zurich nodded, and they all got into the car and set off. In the car Zurich told the driver to take the car to the wholesale market, where they would go and look at the clothes. However, the driver said, "Young Mistress has instructed me to bring you to a shopping mall and help you sell at those wholesale markets. It doesn't match your status."

It was only then that Zurich realized he was no longer the right person to go to those places, but he didn't have much money on him either. He probably wouldn't even be able to buy a single piece of clothing in those shopping malls. Zurich could not imagine what it would be like when he reached the mall.

Chapter 29

The driver saw his mistress acting in such a manner and quickly said, "Young Mistress, the young master had the steward give you a credit card just now and told you to do whatever you want with it. I'll give you my card when you get off the car. Just buy whatever you want directly, just don't worry, you don't have the money to buy it."

Zurich laughed awkwardly when he heard this. On the side, Little Ice had a look of despise on his face. How did he end up with a person with such a pig's head? If he went to the wholesale market to buy things, didn't he know that if he went to the market with this car, he would lose his own price?

Besides, where did people go without money? He really didn't know if this young mistress was lying or if she really didn't know. This Zurich made Little Ice look down on it even more. However, Xiao Yue said, "Young Mistress, we are blessed with eyes. Those large shopping malls have limited amount of clothes, and they are also very pretty."

"But even if I can't afford it, it's fine to have an eye addiction." "I think so too, Xiao Yue," Zurich said. "It's not mine anyway. I feel uncomfortable spending it." Xiao Yue said, "Young mistress, what's there to be uncomfortable about? Young Master's money is your money. Since Young Master is willing to give it to you, why must you save it for him? "

Little Bing was also fantasizing that if she followed the young master, she would be like the current situation, able to buy anything and not have to wear those cheap clothes, staring at the others with anger. Zurich said, "This is the first time I've been treated like this."

As they spoke, the car stopped in front of a large shopping mall. When the car stopped, Zurich and the others got out. When they came down and saw the scene at the entrance of the mall, they were immediately shocked. This is the first time Zurich has been here.

It was a spectacular sight, I must say. Xiao Yue, Xiao Bing and Zurich behaved the same way, both of them very surprised, because this was the first time they had been in a place like this. The driver said, "I, Young Mistress, you guys go in first. I'll find you guys after parking the car."

Zurich didn't even hear what the driver said and just walked inside. When Zurich entered and saw the prices on top of the items, he couldn't help but gasp for breath. Any random item here could compare to half a year of his family's rations.

However, he quickly recovered his composure. After all, this was a public place. If others saw this, what would be the proper place for them to do so? If news of this spread, it would not affect them greatly. Zurich said, "Xiao Yue, I suddenly realize that I am way too different from those rich people.

Even if I marry into a rich family, I can't change the habits in my bones."

Xiao Yue said, "It's not just you, I've never seen you before. Take a look at the items here. Any one of them is worth five digits. That's about half a year's worth of my wages. "Say, how about we just leave? If we accidentally damage something later, even if I sell myself out, I won't be able to afford it."

Zurich said, "You have to be calm. You have to be calm. Look at Little Ice, from the moment we came out to now, he has been indifferent. Then look at us." This is the so-called difference. " Little Ice was not contemptuous of these things.

His heart was already in turmoil, but he didn't reveal it like they did. He hid anything in his heart, even if it was such a luxurious place. So women like Little Ice were the most sinister.

Meanwhile, Xing Beihan was at home. He had arranged for the people following Zurich to keep him informed of the situation there. Xing Beihan was afraid that Qin Lie would do something that would dishonor him, so he had sent people to follow them and see how they did.

When Zurich recovered, they headed for the women's wear section on the third floor. Zurich didn't really intend to buy anything. He was just bored and wanted to take a look, but since he was already inside the mall, he could take a look.

When Zurich saw the clothes on the third floor, he couldn't imagine how expensive they would be. If he bought two or three of them, it would be enough for him to live on for a year, including some minor ailments. Just one

word.

When Xiao Yue saw the clothes, she couldn't help but be shocked by the workmanship of the clothes. It was simply too great that no one could find any problems with it, but the crux of the problem was that she couldn't afford to sell it. To Zurich he said, "These clothes are really beautiful, my lady."

"If you didn't bring me out, I would never have seen such beautiful clothes and such expensive clothes." Zurich said, "Since that's the case, let's take a look. We won't need to spend any money on it. Let's have a good look at it."

After saying this, the two of them began to wander around. Little Ice heard the conversation between the two of them. Suddenly, he felt that standing with them had lost his status. Although he was the same as them, he had never seen clothes of such high quality before, but did they not know that they were behaving like this, causing people to think that they were countryside bumpkins?

Little Ice suddenly felt a headache coming on as he walked with the two of them, and so he let them look at him while he watched from the side. Zurich and Xiaoyue wandered around for a while and looked at a lot of clothes. Their eyes almost went blurry.

Zurich said, "How is Xiao Yue? Do you like the clothes here? If you like it, you can choose one and I'll buy it for you. When the time comes, you can wear it on your blind date. Xiao Yue said, "Young mistress, stop teasing me. If I were to marry someone, I'm afraid I would have to wait a few more years."

Besides, how could I have such a good life? Marrying a rich and powerful

family and living a life without worrying about food or clothing." All my life I've only wanted to find a man who was good to me. " Zurich heard Xiao Yue say that Xiao Le's way of thinking was not so different from his own.

He didn't think too much about it then. He really wanted to find someone he liked. No matter if he was poor or rich, he was willing to be with him. However, he was afraid he would never have such a chance in his life. Zurich could not help but sigh.

At that moment, Xiao Yue said to Zurich, "Young mistress, quickly look, who is that person in front of us. Do you think he is Doctor Duan?" Hearing Xiao Yue's words, Zurich looked in the direction of her finger. He didn't expect to see her at the end of the morning.

So he said, "What kind of eyes do you have? What's a likeness? "That's basically it. No matter what, I've already seen your illness, but you can't even recognize him." Xiao Yue said, "Isn't he too far away to take a closer look? Why do you think Doctor Duan is here?"

Zurich said, "You asked me how I knew. However, if you want to know, we can ask Xiao Yue, you aren't thinking about that Doctor Duan, right? " Xiao Yue quickly said, "Young mistress, what are you thinking about? It's impossible for Doctor Duan and I to be together, so stop talking nonsense."

Zurich said, "Impossible, how is that impossible? Love is a matter for two people, it has nothing to do with family background or anything. Don't you see me as a living example? " Xiao Yue said, "Young Mistress has already told you not to make a fuss about it. Doctor Duan and I are definitely impossible, and I don't like him."

Zurich, hearing Xiao Yue's words, said nothing more. At this moment, Duan Chen discovered Zurich. He didn't expect to see Zurich here, so he walked towards them. When Zurich saw Duan Chen walking towards him, his heart skipped a beat.

When Duan Chen Jing walked closer, he said to Zurich, "What a coincidence, Young Mistress. Why don't you come visit us as well?" Zurich said, "Yes, what a coincidence. I didn't expect to meet you in such a place. By the way, what are you doing here? Or did you come here for something? "

Duan Chen Zhen said, "I was just passing by. I thought of it, my mother's birthday is coming up, so don't think about coming in to pick out a birthday present for her. Who would have thought that I would coincidentally bump into you." Zurich said, "So it's auntie's birthday. I congratulate you in advance."

Duan Chen said: "At that time, if my mother is going to dress up, I will invite you. I hope that at that time you will be willing to give her face." "Oh right, what are you doing here today?" Zurich blushed at the thought that he had suddenly thought of him this morning in the park.

Zurich said, "I was just bored at home recently, so I came out to take a walk, hoping to divert my attention. Recently, I feel that my mind isn't in a good mood. I'm always stuck on one thing." Duan Chen Zhen said: "Are you feeling uncomfortable somewhere? "If there's anything that feels uncomfortable, I'll check it out for you when I have the time."

Zurich didn't think that Duan Chen would care so much about himself, and immediately felt a warm feeling in his heart. "Actually, I don't have anything

that makes me uncomfortable, but it's still okay. When you're free, come and check with me, and let me know how my body is doing recently."

Duan Chen said: "Okay, when I have time I will go and do an inspection for you." But since we've run into each other, why don't we take a walk together? You don't mind, do you? " Zurich didn't expect Duan Chen to say this. He originally wanted to refuse, but he couldn't bear it. "Okay."

With that, the two of them walked to the side. When Xiao Yue saw her young mistress wandering around with this Doctor Duan, she felt that something wasn't right. She wanted to go up to warn her young mistress, but as she saw that her young mistress didn't have the time to bother with him, she could only follow behind them.

Little Bing was extremely happy to see such a situation! If the young master knew that Zurich was so blatantly shopping with a man, he probably wouldn't let him off the hook so easily. I don't know if this Zurich is stupid or not.

After Zurich and Duan Jidao left for a while, they said, "By the way, it's your mother's birthday. What kind of birthday gift are you going to give her? It's not as simple as just giving you a piece of clothing, right? " Duan Chen said: "You f * cking hit the nail on the head with that sentence. I was just wondering what kind of present to give her, and now I've bumped into you!"

"How about you help me think of a better birthday present? I rarely accompany her on her birthday, so I don't have much of an opinion towards birthday presents." Zurich was delighted to hear Dr. Duan say so, but then he realized that he shouldn't be doing it himself.

If you want to choose your birthday present, then do it yourself. Whatever it is, it's from your heart. I don't think your mother will mind. I've never had a birthday since I was young. Even if you suddenly asked me, I wouldn't be able to figure out what's so good about giving it away. "

Duan Chen said, "Oh, so it's like that. Did I mention your sore spot? In the past, I would always be there for your birthday. Moreover, I would even give you a very special birthday present. By the way, what's your birthday? Let me make my preparations early. "

Zurich felt a strange sensation in his heart when he heard this. He had to admit that this was the first time a man had told him about his birthday. Even Xing Beihan had never asked him about his family.

He only knew that it was very difficult for his family. His parents were sick, and he didn't know anything else about it. Even if the wedding didn't take place, he would have returned home alone. Duan Chenshuang saw that Zurich seemed to be recalling something, so he said: "Why, you don't want me to accompany you for your birthday, do you? Or should I say, you will never have a birthday in the future. "

Zurich said, "No, no. It's just that you're the first man to say that you're going to accompany me on my birthday. It's amazing." So it was because he was thinking about this matter, so he said: "In the past, since we didn't know each other in the past, after we get to know each other, I will let you have a good birthday."

"Also, I know you are a married woman, don't think too much about it. I just want to be friends with you. The first time I see you, I already have a good

impression of you. I don't know where this good feeling comes from, but I know I don't hate you, so please don't think too much and don't feel guilty. "

Zurich said, "Don't worry, I won't think too much about it. I'm just very touched." Duan Chen asked, "What are you doing here today? Just to take a look, I don't think you're interested in anything here. "Why did I think of coming here for a stroll?"

Zurich said, "I was at the side of the house and it was too stuffy for me to go out for a walk, and I didn't expect the driver to take me to this place. To be honest, I've never been to a mall this big. Furthermore, the items here were extremely expensive. I don't think I should be shopping here. "

Duan Chen said: "Why would you think that way? I know you don't have a very good family, but that doesn't mean you can't shop here. "You are just used to living in the past, which allows you to change your environment all of a sudden. You will definitely not be used to it, but you just need to get used to it."

"Furthermore, Xing Beihan isn't an ordinary person. The items inside the shop aren't worth mentioning at all. Even if you bought the entire shop, he wouldn't have any objections. Since we're already married, you should try to blend into his life, right?"

It occurred to Zurich that he had never been out of the house since his marriage to her, and that he had dressed casually at home, having brought his clothes from his own family. But every time he saw the way the servants looked at him, Zurich always felt that something was wrong. He finally knew that they were not wearing very good clothes, so why hadn't he thought about it before?

Even though Xiao Yue was following the two of them, she didn't hear what they were saying. Xiao Yue was too mischievous. Seeing that there were so many clothes in the mall, and so many things that she had never seen before, she was very curious and only focused on the clothes along the way.

Xiao Bing, on the other hand, was very happy to see Zurich and Duan Chenshen's conversation. He was also very happy to see himself in front of his young master. What was so good about Zurich that two men would follow around her, and both men were worth a lot.

Zurich said, "So that's how it is. If you say that, then I understand. No wonder my family members look at me differently." I kept feeling like they were looking down on me, but it turns out that it wasn't a feeling, but real! If you didn't say that, I wouldn't even be able to react. "

Duan Chen said: "This is something that I don't know about your family, but I still hope that you can properly take care of yourself. At least you won't be looked down upon by others." Only then did Zurich notice the clothes he was wearing, and because he had been too anxious to get out, he found something to wear.

From the looks of it, this outfit was out of place with the shopping mall. The clothes inside were all five-six digits, while the clothes he was wearing were only two-digits. It was no wonder that when he walked over there, he saw those employees looking at him with the same eyes as the servants at home.

Zurich suddenly felt that the lives of the rich were really unfathomable. They even came out to buy things only to look at clothes. Not to mention if he went out to buy something else. If he hadn't come in a luxurious car, those

guards wouldn't even let him through the door. Just thinking about it made him feel that it was laughable.

After all, you just came into contact with a lot of things that you don't understand, and that's right. In the future, if you have anything that you don't understand, you can look for me at any time, and if you have anything on your mind, you can also look for me.

Zurich said, "The doctor really is very grateful to you. In fact, I liked you the first time I saw you. After all, you are very handsome, and you have a good family and great medical skills. You won't look down on me, will you? Duan Chen said, "Not at all. It seems that our first impression of each side is very good."

At this moment, Duan Chen's phone rang. After the phone rang, he said to Zurich, "I'll pick up first. Wait here for me." With that, Savage went to the side to answer the phone. And Zurich was thinking about what Dr. Duan had just said to him.

At this moment, Xiao Yue walked up and said, "Young mistress, you can almost do it, it's better for you to keep your distance from this Doctor Duan. After all, you've already followed young master, if young master sees it, he'll be jealous.

Zurich said, "What do you mean jealous? I don't know how to explain it, but your young master doesn't like me at all, he just treats me as a tool to give birth to a child. Furthermore, I only bumped into Doctor Duan by chance, and we just spoke a few sentences together.

Xiao Yue said, "Young mistress, you are saying so, but after all, you are

already married. You still have to keep your distance. The spies the young master has arranged are always watching us." Zurich said, "Xiao Yue, I understand what you're saying, and I thank you for thinking for my sake!"

"But I don't want to lose my right to make friends." Xiao Yue heard her mistress say that and said, "I understand you, Young Mistress." However, the young master is not an ordinary person. I think it's better for you to pay attention to him." Zurich said helplessly, "Thank you so much Xiao Yue. I will think about it, and I will correct my mistakes."

Xiao Bing heard the conversation between the two of them and thought that Xiao Yue was really annoying. Why did she go and remind that woman that it would be best if everyone in the world misunderstood? Xiao Yue was blaming herself for forgetting to pull him aside. Xiao Bing really hated Xiao Yue.

At this time, Duan Chen had already picked up the call. After answering the phone, he said to Zurich, "I still have things to do, so I won't be accompanying you. Also, it will be my mother's birthday in a few days, so I would like to invite you to attend her birthday party. I hope you can reward me for this."

Zurich said, "You invite me, do you?" Duan Chen said: "What's the real deal, how can I lie to you? I'll call you at that time, so try your best to go. Let's not talk about the urgent matters at home, just wait for me to call you in a few days." With that, he disappeared like a wisp of smoke.

Zurich was overjoyed to think that Dr. Duan would invite him to her mother's birthday party. But then he thought that if Xing Beihan didn't let

him go when the time came, it would be useless. After all, Xing Beihan was the only one in charge of his family.
